DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Nathan Weber on December 31, 2007.

The application has been amended as follows:

In the claims:

Claim 13: --at-- has been added after "both begin" in line 9.

Allowable Subject Matter

2. Claims 13-18, 31-33 are allowed.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest a tape measuring device for determining a first distance, the first distance being related to a first dimension measured on a drawing depicting features at a first scaling ration wherein the first set of indicia and the second set of indicia both begin at a starting point at an end of the tape, and wherein the second set of indicia include numerals shown next to each mark denoting the number of feet at the distance of each mark with respect to the first scaling ration, and both the first and second indicia ascending

numerically in a direction away from the starting point in combination with the remaining limitations of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The following disclose measuring devices Hirsch, Jr. (US PG PUB 2004/0055174), Erdfarb (US PG PUB 2003/0079362), Panosian (U. S. Patent No. 6,962,002), Bradbury et al. (U. S.
